ABOUT ADI DA AK

During these years, attention has been paid to the investment in line with the company's motto, which is the customer's satisfaction. Using the best raw materials, high quality product, and reasonable price. In addition to preventing outflow of foreign currency and creating a business climate for Iranian workers, the grounds were made to enter foreign currency into the country with the export of this product. There is so welcomed by Iranian and foreign buyers that some unknown brands and people have tried to copy it via illegal production and a different quality, while using various names and abusing Brand.
